

Le Rythme 2021 “The Artistic Identity of Eurhythmics”

Dear colleagues

In the upcoming edition of *Le Rythme*, students and graduates will again have the opportunity to present their work. We therefore invite to send in brief descriptions and images of artistic projects already realised. It can be improvisations and/or compositions in music and/or movement; it could be short pieces or full-length programs, performances in public spaces, in galleries or in museums. The performer could be Eurhythmics students or graduate as well as other people who have been staged, guided or inspired by them. Collaborative works with artists from the fields of theater, dance, music, visual arts are also possible.

In order to show the breadth of the spectrum, the sub group reserves the right to select the texts sent.

Please share this invitation to contribute to the next edition of *Le Rythme* with the members of your association and encourage them to forward it to their Eurhythmics colleagues or ex-students or others who may be interested.
